HS9 STAKKABOX™ ULTIMA BASE KIT

Product Code: 50203918

HS9 base kit is suited for the HS9 pit, HS9 being the largest option from the high strength range. It was designed for an ease of transportation, quick assembly and ground level adjustability. The unique features allow the HS9 frame to be adjusted to suit the surrounding environment, as well as simplifying the installation process.

SIZE
2250mm (L) x 750mm (W) x 60mm (D)

LOAD RATING
B

Features & benefits

Lightweight parts

Can be transported by a ute and assembled by a single person without the need of heavy lifting machinery.

Quick assembly

Can be completed start to finish within less than hour.

Full specifications

Material	Utility Base Mix (GMS)
How it works	HS9 base kit contains 12 bags of utility base mix. The bags are mixed and poured onsite into the base of the pit. Base needs to be constructed flat in order to support the HS9 STAKKAbox™.
