MANHOLE END MEMBER 806MM

Product Code: 50201863

End Member is one of the pieces when creating a frame for cast iron covers. Two end frames are required as well as two side frames and a cross bar.

MATERIAL
Ductile Cast Iron

SIZE
806mm (L) x 70mm (W) x 60mm (D)

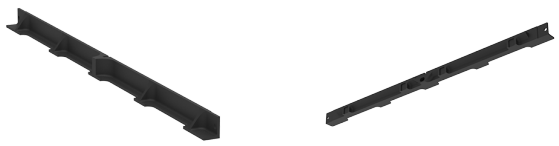

Features & benefits

High strength

Quick installation

Coated with anti-corrosive black paint

Cast Iron

Full specifications

Material	Ductile iron covers are manufactured from spheroidal graphite cast iron to achieve specified tensile strength and elongation requirements. Ductile iron covers can be utilised in a variety of applications to meet strength and durability requirements.
Australian Standards	AS 3996: 2019
How it works	End member pieces are bolted together with side frames and cross bar to create the frame. The frame is placed on top of a concrete pit and it holds lockable cast iron lids.
