# STAKKABOX™ FORTRESS 445XD150

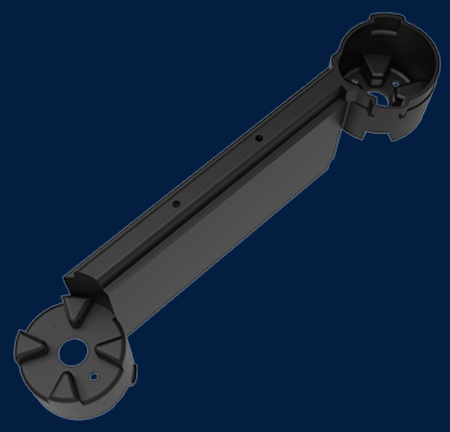

Product Code: 50201762

STAKKAbox™ Fortress 445xD150

MATERIAL
High Density Polyethylene (HDPE)

SIZE
557mm (L) x 171mm (W) x (D)

LOAD RATING
B

## Features & benefits

### Fast and Easy to Install

STAKKAbox™ pits are significantly faster to install than conventional alternatives, with complete installations typically taking up to one hour. This results in reduced costs for the installer. No specialist equipment or plant is required in order to install the pit and there is no need for specialist box builders.

### Flexible During Installation

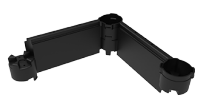

Pits can be adapted to suit on site conditions with standard tools to overbuild over existing networks, Introduce duct entries for cable entry and for top-section fine adjustment.

### Flat Pack Option

Fortress can be supplied in 'flat pack' format to make shipping more efficient, as well as allowing flexibility in delivery and installation.

## Full specifications

| | |
|---|---|
| Material | STAKKAbox™ Fortress is manufactured in nitrogen-foamed High Density Polyethylene (HDPE), of which up to 70% is recycled material. HDPE possesses excellent strength to weight properties. |
| Load Rating | STAKKAbox™ Fortress is suitable for installation in environments rated up to Class C load rating (ultimate limit state design of 150kN) under the Australian Standard AS/NZ 3996. |
| How it works | The system provides contractors with a means of constructing access pits quickly and inexpensively, while offering improved build quality, reduced defects and enhanced site safety performance. |
