# MONOBOX™ P1 PLASTIC PIT

Product Code: 50201360

Manufactured to Australian Standard AS/NZ 3996, our MONObox™ P1 Plastic Pit is rated Class B and is made from up to 90% recycled materials for a durable, sustainable and environmentally friendly option. Our team also provide a variety of covers and accessories for use with this P1 Plastic Pit.

MATERIAL
High Density Polyethylene (HDPE)

SIZE
516mm (L) x 232mm (W) x 408mm (D)

LOAD RATING
B

## Features & benefits

### A Range of Cover Options Available

Class A and B covers are available for MONObox™ P1 Plastic Pit. Including concrete, composite, cast iron and GMS cover options.

### Manufactured by Rotational Moulding Process

Our P Plastic Pits are manufactured by a rotational moulding process using black ultraviolet light stabilised high-density polyethene material and meet the stringent requirements for installation and long-term use.

### Variability in Size

Our MONObox™ P1 to P9 plastic pit range comes in nine different sizes to ensure you have the right pit for your project.

*LIDS NOT INCLUDED

## Full specifications

| | |
|---|---|
| Material | High-Density Polyethylene - HDPE MONObox™ plastic pits are manufactured by a rotational moulding process using black ultraviolet light stabilised high-density polyethylene material and have been developed in partnership with industry and major authorities to ensure they meet the stringent requirements for installation and long-term use. |
| Australian Standards | Our MONObox™ plastic pits are designed and tested for Class A (up to Class B) applications, under the Australian Standard AS/NZ 3996. |
| Load Rating | Manufactured to a Class B load rating (ultimate limit state design load of 10kN) under the Australian Standard AS/NZ 3996. Pits can be rated up to Class B when backfilled with crushed rock or stabilised sand with internal PVC pipe support. |
